Martial Arts Equipment

Biel, 15.06.2015

## **BUDO-K – new official partner of the World Yoseikan Federation**

Dear Sir or Madam

### **BUDO-K**

I am pleased to take this opportunity to be able to officially introduce myself and my company BUDO-K to your World Federation.

We are a retail and manufacturing company for martial arts equipment in Switzerland. Besides our own BUDO-K brand, we are the official distributor for the karate label ARAWAZA for Germany, Austria and Switzerland. Furthermore, we are exclusive distributor of all Trocellen brand tatami (floor mats) products for Switzerland and Austria. We have a broad product range, and in addition to supplying traditional martial arts like Yoseikan Budo, karate, judo, ju-jitsu etc. we also offer products for boxing, kick-boxing, MMA and many more.

### **WYF partnership with BUDO-K**

As of the 2015/2016 season, we are the new official partner of the World Yoseikan Federation.

This means that we can use the worldwide protected Yoseikan Budo logo in combination with our products and our brand. All BUDO-K brand Yoseikan Budo equipment such as Yoseikan suits, boxing gloves, shin/foot protection, belts etc. comply with WYF specifications and are officially certified and thus approved for worldwide use in competitions and trials. We strive to make our products available at cost-effective prices to all associations and clubs, as well as to private customers. Furthermore, we continue to collaborate with the WYF to develop and launch new products and product enhancements.

### **New EMONO sports equipment by BUDO-K – WYF approved 2015**

As an example of our innovative strength and good cooperation with the WYF, over the past three years we have developed new EMONO sports equipment (Tchobo, Tambo, Kombo). Following numerous prototypes, the latest "weapons generation" has now been successfully tested on the occasion of the 2015 European Yoseikan Championship in Bratislava! At present, this is the only sports equipment which is officially approved by the WYF. The foam weapons are individually hand-crafted at our Swiss production facility and meet the WYF's high requirements in all respects.

Effective immediately, our EMONO sports equipment, as well as all other products (see our online store at [www.budo-k.ch](http://www.budo-k.ch)) can be ordered from us. BUDO-K offers special pricing conditions to associations and clubs. Please feel free to inquire about special quotes.

We look forward to a mutually successful cooperation!

Should you have any further questions, please do not hesitate to contact me.

My best sporting regards,

A handwritten signature in blue ink, appearing to read "Christof Kunz".

Christof Kunz
